

EDWARDS LIFESCIENCES STARR ATRIUM

IRVINE, CALIFORNIA

PRODUCT

OVERVIEW

PAC is installed in Edwards Lifescience Starr Atrium located in Irvine, California. The key element of the campus renovation for Edwards Lifesciences, an industry-leading medical device maker, is the LEED Platinum, 22,000-square-foot Starr Atrium, which created a bridge between two existing office buildings and provides a dramatic new entry to the corporate headquarters.

PROJECT DETAILS

22,000 Sq. Ft. Atrium, rooftop photovoltaic array, LED lighting, ventilation system, and bi-fold vertical doors
